

Sundar Dhoka Saathi Sewa — Province-Level Wheelchair & Assistive-Technology Repair Hubs

Digital Inclusion · Good practice · Nepal

Quality score: 32/100

Evidence strength: Cautionary / limited

Summary

A Nepal-based disability-led organisation won AT2030 Frontiers seed funding in December 2025 to open wheelchair and assistive-technology repair hubs in all seven provinces, using 3D-printed spare parts to target an estimated 1,000 repairs where services are scarce.
