

SUPACE — India's Supreme Court AI Case-Assistant, Still Waiting on the Hardware to Scale

AI in the Public Sector · Good practice · India

Quality score: 33/100

Evidence strength: Descriptive / self-reported

Summary

India's Supreme Court has run its AI case-research tool SUPACE since April 2021 to extract facts and precedents from case files, but the government's own 2025 parliamentary reply confirms it remains experimental, pending GPU/TPU procurement.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	0/3
Transparency, fairness & accountability	2/3
Transferability / demonstrated replication	1/3
Scalability beyond pilot	0/3
Governance, capability & sustainability	2/3
