

Suriname Scores 7.5 out of 100 on the Global ICT Accessibility Rights Index — Zero Policy Across All Ten Digital-Accessibility Domains

Digital Inclusion · Good practice · Suriname

Quality score: 40/100

Evidence strength: Moderate

Summary

G3ict's Digital Accessibility Rights Evaluation Index gives Suriname 7.5/100 — ranked 132nd of 137 countries — with zero policy across all ten ICT-accessibility domains, from web access to e-government, despite ratifying the CRPD in 2017.

Key dimensions
