

TAMM — Abu Dhabi's AI-Native Proactive Government Services Platform

AI in the Public Sector · Good practice · United Arab Emirates

Quality score: 40/100

Evidence strength: Descriptive / self-reported

Summary

Abu Dhabi's DGE has deployed 100+ AI use cases across 40+ government entities on the TAMM platform, aiming for proactive, application-free services by 2027 — though published evidence so far is scale and investment figures, not independently measured outcomes.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	1/3
Transparency, fairness & accountability	1/3
Transferability / demonstrated replication	1/3
Scalability beyond pilot	2/3
Governance, capability & sustainability	1/3
