

The Drive Project — Intensive Case Management for High-Risk Domestic Abuse Perpetrators

Gender Equality · Good practice · United Kingdom

Quality score: 89/100

Evidence strength: Strong

Summary

Intensive one-to-one case management for high-harm domestic abuse perpetrators in England and Wales. An independent University of Bristol RCT (2016–2019, n=506) found reductions of 73–88% across physical, sexual, stalking and controlling abuse types.
