

Three Bays Protected Area (Parc Marin des Trois Baies) — Co-Managed Marine Reserve, Northeast Haiti

PES & Nature-Based Solutions · Good practice · Haiti

Quality score: 33/100

Evidence strength: Cautionary / limited

Summary

Haiti's 75,406-hectare Three Bays Protected Area, decreed in 2014 and co-managed by national agency ANAP and NGO FoProBiM, safeguards some of the country's healthiest coral reefs, seagrass and mangroves — habitats FoProBiM itself still calls extremely overfished.

Key dimensions

Dimension	Score
Carbon — sequestration / storage, evidenced	0/3
Biodiversity — conservation / improvement, evidenced	2/3
Water & soil — retention, infiltration, erosion control	1/3
Fire resilience — risk reduction, evidenced	0/3
Governance, certification & transferability	2/3
