

TopEasy — Austria's Daily News Service Co-Tested by People With Intellectual Disabilities

Digital Inclusion · Good practice · Austria

Quality score: 72/100

Evidence strength: Strong

Summary

Since 2017, Austria's national press agency has published a daily news digest in two levels of easy-to-understand language, with every text tested by people with intellectual disabilities before publication, reaching readers via web, email, ORF teletext and a dedicated app.

Key dimensions

Dimension	Score
Innovation level	3/5
Sustainability (ongoing)	1/1
Evaluation evidence	0/1
Demonstrated reach	1/1
Documented learning	1/1
