

Ukraine's Gender-Responsive Budgeting Reform

Gender Equality · Good practice · Ukraine

Quality score: 52/100

Evidence strength: Descriptive / self-reported

Summary

Ukraine's Ministry of Finance requires gender analysis in budget planning since 2019 guidelines; sex-disaggregated data is now published in all oblasts and 3,000 civil servants trained — sustained even through wartime, though local funding and skills gaps persist.

Key dimensions

Dimension	Score
