

Ulysses — Brazil's Chamber of Deputies institutional AI programme for legislative data and staff support

AI in the Public Sector · Good practice · Brazil

Quality score: 67/100

Evidence strength: Descriptive / self-reported

Summary

Since 2018 Brazil's Chamber of Deputies has run Ulysses, an AI programme that automates legislative-data workflows; a 2025 relaunch made it a formal institutional programme with new AI-governance rules, staff access to major LLMs, and a chatbot in development.
