

University of Hong Kong — Redesigning Assessment Instead of Policing It in the GenAI Era

AI in Education · Good practice · Hong Kong

Quality score: 73/100

Evidence strength: Descriptive / self-reported

Summary

In June 2023 HKU's Senate named GenAI a "fifth literacy" and gave every student and staff member free ChatGPT-class access. Rather than deploy AI detectors, which risk false accusations, HKU pushed teachers toward oral exams, presentations and AI-critique tasks.
