

University of Latvia's Senate-Approved AI Regulation for Academic Integrity

AI in Education · Good practice · Latvia

Quality score: 40/100

Evidence strength: Moderate

Summary

The University of Latvia's Senate approved a binding AI-use regulation, effective 16 March 2026, built on integrity, transparency, responsibility and data-security principles and requiring students to disclose AI use — one of the first such Senate rules at any Latvian university.

Key dimensions

Dimension	Score
Evidence of learning impact	0/3
Equity & inclusion	0/3
Transparency, ethics & data protection	3/3
Teacher capability & pedagogy	1/3
