

Verbit — AI Live Captioning and Transcription for Disability Accommodation in US Higher Education

AI in Education · Good practice · United States of America

Quality score: 53/100

Evidence strength: Observational / pre–post

Summary

Verbit's AI captioning, used at the University of Arizona and elsewhere, supports US universities' ADA compliance. A national study of 2,000 students found captions aid learning, though many deaf students still prefer human captions.
