

VET TEC — Veterans Employment Through Technology Education Courses

Digital Inclusion · Good practice · United States of America

Quality score: 68/100

Evidence strength: Moderate

Summary

VET TEC pays tuition and housing so U.S. veterans can take short, intensive tech-skills courses (coding, cybersecurity, data). Over 20,000 enrolled 2019–2024, but federal auditors found the \$262M programme lacks basic outcome tracking.

Key dimensions

Dimension	Score
Innovation level	2/5
Sustainability (ongoing)	0/1
Evaluation evidence	1/1
Demonstrated reach	1/1
Documented learning	1/1
