

# Vezilka — North Macedonia's EU-Funded National AI Factory Antenna for Public Administration

AI in the Public Sector · Good practice · North Macedonia

Quality score: 47/100

Evidence strength: Descriptive / self-reported

## Summary

North Macedonia launched Vezilka, a EUR 6.2m EU-co-funded national AI centre run jointly by government and university, dedicating one of five priority tracks to automating and opening up public administration and linking the country into Europe's AI Factory network.

## Key dimensions

| Dimension                                  | Score |
|--------------------------------------------|-------|
| Evidence of impact / measured public value | 0/3   |
| Transparency, fairness & accountability    | 2/3   |
| Transferability / demonstrated replication | 2/3   |
| Scalability beyond pilot                   | 1/3   |
| Governance, capability & sustainability    | 2/3   |
