

Vienna's Gender Budgeting — Institutionalising Gender-Disaggregated Data Across a €16 Billion Municipal Budget

Gender Equality · Good practice · Austria

Quality score: 63/100

Evidence strength: Descriptive / self-reported

Summary

Since 2006, Vienna has required all 23 districts and every department to set gender-equality goals against a €16bn municipal budget. A 2005 pilot in District 12 used gender-disaggregated mobility data to redirect a €6m street redesign toward pedestrians and public transport.
