

Wheelmap — Crowdsourced Wheelchair-Accessibility Mapping

Digital Inclusion · Good practice · Germany

Quality score: 92/100

Evidence strength: Strong

Summary

Berlin NGO Sozialhelden's Wheelmap lets anyone rate a place's wheelchair accessibility with a traffic-light system on an open map. Over 2 million places marked since 2010, with ~300 new entries added daily by volunteers worldwide.

Key dimensions

Dimension	Score
Innovation level	3/5
Sustainability (ongoing)	1/1
Evaluation evidence	1/1
Demonstrated reach	1/1
Documented learning	1/1
