

Work-Net AI Job & Competency Matching — Korea's National AI Career-Guidance Platform

AI in Education · Good practice · South Korea

Quality score: 53/100

Evidence strength: Observational / pre–post

Summary

Korea's labour ministry and KEIS built AI into Work-Net: 'The Work' (2018) matched ~7,600 people to jobs in a year, cutting search time from 10 min to 5 sec. A 2020 upgrade added AI matching across 12,000 competency categories, shared with universities.

Key dimensions

Dimension	Score
Evidence of learning impact	2/3
Equity & inclusion	2/3
Transparency, ethics & data protection	1/3
Teacher capability & pedagogy	0/3
Scalability & sustainability	3/3
