

Yandex's National AI-Literacy Training Reaches Over 20,000 Teachers in Russia

AI in Education · Good practice · Russia

Quality score: 40/100

Evidence strength: Moderate

Summary

Since 2025, Yandex Education's free AI courses for teachers — self-study materials, webinars, lesson scenarios and a responsible-use module — have been completed by 20,000+ Russian teachers, ahead of a planned national AI maths-tutor rollout announced for December 2026.

Key dimensions

Dimension	Score
Evidence of learning impact	1/3
Equity & inclusion	0/3
