

# Stockholm Royal Seaport — fossil-free urban development testbed

City Innovation Library · Good practice · Suécia

Pontuação de qualidade: 76/100

Força da evidência: Forte

## Sumário

Sweden's largest urban development (236 ha, 12,000 homes, 35,000 workplaces) is a live testbed for sustainable building, smart energy, and clean mobility—targeting fossil-free operation by 2030, with energy use 26% below Swedish building code. C40 Climate Award, COP21 2015.

## Dimensões-chave

| Dimensão                                   | Pontuação |
|--------------------------------------------|-----------|
| Evidence of impact / measured results      | 2/3       |
| Transferability / demonstrated replication | 2/3       |
| Scalability                                | 2/3       |
| Sustainability / continuity                | 3/3       |
| Innovation                                 | 2/3       |
| Inclusiveness / equity                     | 2/3       |
| Multi-stakeholder collaboration            | 3/3       |
